Thanks Virginia.

Please cc me on the final version when it is transmitted to FEMA.

As per your conversation with Mike, attached is a draft copy of the Matrix which we expect to submit to FEMA tomorrow. EPA is finalizing some numbers for inclusion. If you have any questions, please let us know.

Subject: Commitments made to 125 Cedar residents

I had your email wrong. Also, you should know that Nadler's office called to say that they will be attending the 125 Cedar meeting (they invited themselves).

Dore Bonnie michaelgi@nyc.dep.gov residents	Mary Mears 06/26/2002 08:59 AM	To: Kathy Callahan/R2/USEPA/US@EPA, LaPosta/R2/USEPA/US@EPA, Robert Fitzpatrick/R2/USEPA/US@EPA cc: Benjamin Barry/R2/USEPA/US@EPA, Bellow/R2/USEPA/US@EPA, Subject: Commitments made to 125 Cedar
---	--	---

Ben and I spoke and he took notes at the last 125 Cedar meeting (I wasn't there). Ben reports that we made the following commitments:

- 1) To share a draft SOW with the residents BEFORE its final (DEP will need to do this, so we should ask Mike Gilsenan)
- 2) To test for Mercury with the Lumex
- 3) To CONSIDER pre and post testing for dioxin
- 4) To CONSIDER followup testing 6 months to a year after the cleanup
- 5) To get NYCDOH to send someone to check on the mold
- 6) Bob commitment to ask asbestos experts to provide a list of various items and how to properly clean them (this would also be fab for the Web page in general!).

I suspect we will be asked to report progress on these commitments before today's meeting. I think we should quickly run through them at the 1:30 pre-meeting.
