Subject: cancellations

Virginia indicated you and Bob were looking for the number of cancellations we had to date prior to the FEMA meeting tomorrow. We are updating the database we use for this tracking and may not have it complete until later today or tomorrow morning. The best estimate i have now is there are 97 units that have cancelled and 4 whole buildings. I do not expect this number to change much. We have also identified 15 ineligible units and 2 ineligible buildings. Let me know if you have any questions, thanks
