Penny, Good Morning,

It is urgent that ETS has complete "SAVE" lists ASAP for the 10th, 9th, 7th, 6th, 5th, 4th, 2nd, Restaurants by noon today. If lists are not confirmed, please advise in writing as to what scope is to be. Also, there is some confusion to the wall markings for demo...some walls are sprayed, some are sprayed on 2 sides, some sheetrock walls are not sprayed at all but the plan does call for removal...please advise on how to procede in these cases ASAP.

I am in my office this a.m.

Thanks,
Bob

Note: ETS needs these lists if work is to continue today.
