Mike,  
There were a number of places at 114 Liberty where we experienced damage to our apartments that was not part of the plan. Per our discussion yesterday, we will compile a list across all apartments and submit the details to you. Can you please check on how we might get reimbursed for this damage.

Thanks,  
Dave

Thanks, Michael. I'll forward it on to Chris.

Also, we are still compiling our damage list. It's not the length but getting everyone through our apartments that is delaying us.
