Walter,

Mike hurt his back and is off today but the letter was hand delivered to Pat Evangelista this morning. I received confirmation from our person just now that he gave it to Pat.

Jane

Walter, hopefully this is the last draft. I'm sending to Pat for their last review. Will deliver DEP's signed copy to EPA on Monday. Mike

Chris,

I am just following up my telephone conversation with you this morning.

As discussed, there seemed to be some confusion here at DEP in getting your response and okay to use you as a contact in the letter. I apologize for that and appreciate your efforts in this matter. I was able to stop the letter and await your changes to it.

Thanks again,

Mike

I'm happy to be included as a contact in the letter you sent but wish you would have told me first. I would have insisted that you make the change regarding indoor and outdoor comparisons for wipe samples. They are simply not done using this technique. These references should have been removed.
