Does this mean we can share draft CR 56 with anyone, if asked?

 Subject: RE:

You left out the n in my name in the first e-mail. It is Renfrew. Either address should work. One contractor, Maya number 18, does not have a license. It expired in July. For the monitoring firms, Envirotechniques number 10 does not have a license. Hillman number 15 now goes by the name - Group L.L.C. Norma will get back to me later today if she has any input.

If you have any further questions, please call. As I told you yesterday, we are now able to share the revised code rule with you and others. In September I would like to have a meeting to go over the revisions. Perhaps we can combine it with the start of the apartment cleanings. I will be out Thursday and Friday, but will be back on Monday.
