The Asbestos Laboratory received satisfactory ratings in 2 of 3 bulk samples and 4 of 4 air fiber samples. The unsatisfactory rating was due to a typo and not as a result of analysis.

Congrats to all Analysts who participated.

Virginia,

I thought you'd like to know that the PW is signed and entered into our system. I faxed it to Joe T. this morning. Hooray!!

Thank you very much for all of your help and hard work!

Emily
