FYI, I've been told this is all they needed and they will issue the outstanding permits.

I also contacted DOT regarding expediting the permits at 125 Cedar for the waste containers. Fiber Control needs to apply for their own permits, but I placed a call so that we can be ready for a Thursday drop off of the waste containers.

Dear Mr. Barra:

This is to confirm our conversation earlier today.

The New York City Department of Environmental Protection has been and is continuing the exterior clean up activities at buildings in the vicinity of the WTC. Contracts ROF-REM1, ROF-REM2, and ROF-REM-3 have been extended to November 30, 2002 in order to complete the clean up activities.

|------------|----------------------------------|-------------------|
| • ROF-REM1 | Action Remediation/Fiber Control | Permittee # 11578 |
| • ROF-REM2 | Benjamin Kurzban & Son Control | Permittee # 12470 |
| • ROF-REM3 | Trio Asbestos Removal Corp. | Permittee # 12591 |

If you have any questions, or require additional information, please do not hesitate to call me at (718) 595-3657. As you are aware, work on this project must continue without interruption.

As always your time, effort, and assistance are appreciated.

Sincerely,

Penny Theodorellys
Deputy Director
Asbestos Control Program
