Subject: a newspaper inquiry re deutsche bank

hi sam, how are you? haven't crossed paths for a while. hope all is well.

just wanted you to know we got an inquiry from the downtown express asking for our reaction to a community board 1 resolution on deutsche bank. it calls for epa and dep to use emergency powers to deal with various issues relating to the deutsche bank building. we are going to respond that nyc has taken the lead on actions on unclean, unoccupied buildings in the lower manhattan cleanup efforts and that oem was tracking the status of the deutsche bank building. you had indicated you would keep us informed at the work group meetings, but we haven't seen you lately. so we just said we haven't had any recent news; oem is likely the agency to check with.

can you give me an update of the status of this building? i would appreciate it. thanks, kathy

Subject: Room Rental - WTC

As per our conversation on Sept. 12, 2001, we requested approval to rent one hotel room in Manhattan, for use by the Hazardous Materials Emergency Response Team. As a result of the World Trade Center Disaster of Sept. 11th, the staff in this division was required to work around the clock in the initial stages of the disaster. The hotel room would be shared by approximately 15 staff members for showering purposes, and short naps. You had requested that the room also be made available to staff from Fleet Administration working in Ground Zero, if needed. We of course agreed.

Arrangements were made with the Renaissance Hotel at the government rate, and an invoice was received for 3 nights. The room was cancelled as soon as showering facilities were located in a health club in the vicinity of the disaster.

If you require any additional information, please let me know.

Ben -

Attached are your PAH wipe results. I'll get you a final report on monday.

Have a great weekend! Fred
