Subject: RE: CARD ACCESS TO 40 WORTH ST

In the future make sure you check with me before making such a decision. Aside from the analysts, make sure I approve anyone else under this division before you ok an ID at 40 worth

Subject: CARD ACCESS TO 40 WORTH ST
Importance: High

The management at 40 Worth Street requires that all personnel working in the building have ID access cards.

I have made arrangement for the analysts to have their pictures taken today between 2 and 3 pm on the 9th floor of 40 Worth.

These ID cards are done every 3 months but I will speak to the management office to have pictures taken for anyone who cannot have it done today.

Subject: RE: TRADE-WINDS

Following an unannounced visit to the 19th Floor from David Harvey of Trade Winds, I sent his card down to Bob's office. I have a note back from Mike that reads: "Many staff members have spoken to Trade Winds over the last couple of weeks. They were told what the criteria for bidding would be and disagreed with the criteria. Trade Winds has written a letter protesting the proposed criteria, which was forwarded to the Legal Department. The criteria has been vetted by Legal, EPA and NYSDOL once already, and is undergoing a double check. Currently, we don't expect it to change."

This is just to confirm that we all have the same baseline info. . .

Yes, and staff should be advised not to engage in discussions of this matter with Trade Winds. The matter is, as I understand it, now in the ACCO's shop (it is essentially a protest of our bid criteria) and Stu will be developing (with us) a response to Mr. Harvey. If this individual calls, he should be told that the matter is with the agency's ACCO and a written response will be forthcoming. No further comments.

Mark- FYI Russell&Frank have been a tremendous help to us throughout this endeavor, as has been Stu and his staff.
