Chris Horan:

I have noticed that on many large projects TRIO brings a crew of 4, 5, 6 workers. this obviously slows the project down unnecessarily. For example, at 33 Liberty Street which is a large gravel roof there are 5/6 workers. This work is very involved and is moving along very slowly. We would appreciate a larger crew so as to expedite our clean-up efforts.

Thanks

Gilsenan, Michael

Please send by return e-mail to me:

1. Office Number
2. Home Number & Fax
3. Cell Phone Number
4. Beeper Number

We probably have most of this information but we need to verify it.

I'd appreciate your prompt response to this. Thanks.
