I will have to have OEI look into why some of the zip codes turn up twice. I think some of the labels in the table are incorrect.

Rob,

The press release draft is being cleared by City Hall as we communicate. I am hopeful we will finalize late today. It looks good for both of us. (Will send you the final version.) As far as doing a joint media op, we should probably hold until EPA has a final program ready to go and assess the situation at that time.

You guys have been really great. Talk to you real soon.

Bob

Bob--

I wanted to check on your timetable for putting out the press release on the Lower Manhattan Building Cleanup.

I also wanted to see if you guys were interested in doing a joint media opportunity -- maybe allowing a couple media organizations to tag along on a cleanup.

I know it's dependent on how EPA is doing with the interior work, but if you guys want to plan something in the near-term, let me know.
