Mike -

Some questions re: Exterior Cleaning

1. Is it possible the hotline could get a list of buidlings that DEP will be cleaning (exteriors + roofs)?
2. Could we give this info to callers when they complain about dust on roofs of buildings (usually not their own but in surrounding buildings) ?
3. Is the boundary south of Chambers west of Broadway and south of Brooklyn Bridge east of Broadway?
4. Is the cleaning going to "presume ACM" so special protocols will be used?
5. Are office buildings addressed as well as residential?

Subject: EPA OMBUDSMAN

EPA's Ombudsman, Robert Martin, has released a document today entitled "FINDINGS TO DATE, RECOMMENDATIONS TO DATE, AND SECOND ROUND OF INTERROGATORIES." In it, he cites a Presidential Directive, and the National Contingency Plan and says that EPA should "cleanup all buildings impacted by the World Trade Center terrorist attack together with corresponding remediation at 'ground zero'." We just received the fax. I do not have it electronically. We are considering our response (so far, only NPR has called). I will let you know what that response is as soon as we have one.
