Subject: RE: Facade Cleanup

Any work that is necessary for hazard remediation or WTC should be exempt, but we should have a notice for them to post. Someone should draft something up that we could issue to contractors or owners?

Subject: Facade Cleanup

A couple of contractors doing facade cleanup for building owners have called Asbestos regarding their concern that they might be subject to drought fines for the work they are performing (wet soaking and power washing at low volume are part of the cleanup protocol).

Asbestos has a list of owners who have reported a cleanup underway or about to begin. Is this information something Betsy Collins or Doug Greeley might need to know? I guess I have two questions 1) Is this an issue for the drought emergency and 2) If it is, under the circumstances do we need to look at it differently. Thanks for your help.

Subject: Hotline Call Summary for Thursday, March 28

Good Morning Everyone,

The following is the call summary for Thursday, March 28:

Hotline operators responded to a total of 27 calls:

- 7 Calls were about cleaning
- 6 Calls were about the environmental conditions in lower Manhattan
- 3 Calls were about health or DOH referral numbers
- 1 Call was a request for Indoor Air Testing
- 9 Calls were for the old WTC Hotline
- 1 Call was a hang-up

The only message we received over night was a personal call for a hotline operator.

Happy Holidays,

-Caroline
