I just got a call from David Jaffe, who is the General Counsel in the Mayor's Office of Criminal Justice.

David has a friend in the Governor's Office, Jennifer Schultz, who has a female relative going back to work in 1 Liberty Plaza. This person is pregnant and is worried about air quality. She'd like to talk to someone who can allay her concerns about returning to work. Can one of you call Jennifer, get the name and number of her relative, and answer that person's questions (or refer her to someone who can)? I'd appreciate it very much.

Jennifer Schultz's # is

PII

Thanks.

Thanks for the list, however I also need the dates that each person was in the area. I am familiar with some of the names but it would make things easier for me if you could list who was conducting monitoring and who was engaged in remediation work.
