Steve,

As previously discussed, this initiative should be funded. We will have the appropriate paperwork that speaks to the roughly \$462,000 submitted to your satisfaction. Once again, thanks for your continued support.

Bob

Since DEP is the City agency leading the Indoor Residential Cleaning and Testing Program, FEMA would like to know if DEP is aware of and in support of the Department of Health and Mental Hygiene project to "assess and communicate technical environmental issues" to residents of lower Manhattan?

> At this point it is our understanding that DOHMH will summarize, by

Thanks, Jim. I will be sure that MIS gets this in time to put it on the computer for tomorrow's meeting. DEP has also given us their presentation.

One question - can you present this? If so, please let me know at what point during the meeting you'd like to and I will add you to the agenda.

Thanks
 LB

 Hello all,

Please find attached a draft agenda for tomorrow's meeting. Please let me know by the end of the day today if you have any comments.

Also, please send me any presentation materials you have by the end of the day as well. If they don't go through to this address (there is an attachment size limit), please try my personal email at laurelblatchford@yahoo.com. I have asked MIS to set up a computer and projector for us in the blue room.

Also, Tara - can you please send me a list of confirmed invitees by noon or so tomorrow that I can give to the front desk? Thanks

Thanks very much,

Laurel
