Just wanted to let you all know that we have started our long-awaited Lower Manhattan Public Information Campaign, and that you are first on our list of people to meet with to discuss air quality and health issues Downtown! I've run this by Chris Ward (re: air quality piece) and he's fine with this.

Can we all sit down sometime next week with the Edelman team and brief them on the issues?

How does Tuesday at 11AM sound? I also want to make sure that they begin getting all the relevant content that they will need on an ongoing basis.

Please let me know if this works for you. Thanks,

Laurel
