 Subject: RE: WTC SURVEY DUPLICATE

Mike --

I have received responses from [REDACTED] PII heard nothing from [REDACTED] PII. I, therefore, can provide the following information.

The following DEP staff worked at 110 Maiden Lane, NYC, after 9/11 during the dates shown below (per my memo of 10/13/2004 to them and to you). [REDACTED] PII have responded to the Survey as follows (I can give you their responses, if needed):

[REDACTED] PII -- worked near the WTC from 9/18/01 to 11/16/01. I have not seen a doctor regarding my work there. I may call the telephone number given for tomorrow's Seminar, 10/14/06, at Barclay Street for information.

[REDACTED] PII -- worked from 9/18/01 until 11/16/01. He has not seen a doctor related to work near WTC. He has returned the Survey and said he may call the information number given for the Seminar on Saturday, 10/14/06.

[REDACTED] PII -- worked near WTC from 9/18/01 to 11/16/01. She has visited the World Trade Registry at Mt. Sinai Hospital re her working near the WTC. [REDACTED] PII has returned the Survey and has called the number for tomorrow's Seminar for information.

[REDACTED] PII -- worked near the WTC from 9/15/01 to 11/03/01. I do not know whether [REDACTED] PII has visited the World Trade Registry at Mt. Sinai. I have not heard from her regarding this Survey.

[REDACTED] PII -- worked near the WTC from 9/15/01 to 11/16/01. I believe he has visited Mt. Sinai regarding his work near the WTC. I don't know whether he is attending the Seminar tomorrow; I have not received a response to the Survey I sent him; he probably gave it to John Leonforte.

[REDACTED] PII - (She now works for HRA.) [REDACTED] PII worked near the WTC one-two days a week from 9/18/01 to 11/16/01. I left information for her at her home telephone (could not get through at HRA) about the Survey and the Seminar scheduled for tomorrow, 10/14, with the information number, should she possibly be worried about becoming ill in the future.

I hope this information will be helpful to you for completing the Survey for the bureau.

If you have any questions, I would be happy to try to answer them.

It appears that most of the questions will have to be filled out by personnel, however, I would like to provide an answer to 1A, 1a and b.

It is important that staff who were at the site be included in the survey and anything that might come out of the review panel. Our response is due Friday. E-mail your response to me and I will submit for the bureau. Thanks Mike
