Re: New York Exposition & Convention Center
Sanitary House Connection

Dear Mr. Novotny:

Enclosed are three copies of Syska & Hennessy drawing SKU-1B dated January 10, 1984. This drawing indicates the low level gravity house connection from the Convention Center to the New York City interceptor in 12th Avenue.

This drawing was prepared after meetings with the Convention Center Development Corporation and the New York City Sewer Department.

Please return one copy of this drawing with your comments and/or approval.

If you have any questions regarding this work, please contact me.

Very truly yours,

SYSKA & HENNESSY
