OPERATIONS

Upon arrival found alarm for fire in watchman's shack, communicating to building materials & to the outside construction elevator up to a height of 13 floors of the 47 story building under construction. Fire also extended across pedestrian bridge to 6 World Trade Center (approx. 1)th floor. Ignited building scaffolding at the heat damaged a large window on 1st floor. Fire also damaged windows on the 2nd & 3rd floors of 210 Washington St. (approx. 2). First arriving units were confronted with a large body of fire due to delayed alarm, watchman tried to extinguish the fire he accidentally started.

OPERATIONS

Upon arrival found alarm for fire in watchman's shack, communicating to building and to the outside construction elevator up to a height of 13 floors on the 17 story building under construction. Fire also extended across pedestrian bridge to 6 world trade center (w.t.c. 1), a lighter building scaffolding, the heat damaged a large window on 1st floor. Heat also damaged windows on the 2nd - 9th floors of WTC scaffolding at. (w.t.c. 2). First arriving units were confronted with a large body of fire due to delayed alarm, watchman tried to direct with the fire he accidentally started.

OPERATIONS

Responded to box 84, reported explosion on the the 44th fl. address 7WTC, and upon further investigation found electrical explosion on 41st. fl. with injured civilian K. Wong Kinsing male, age 30 with burns on arm and face, EMS #1790 treated patient and removed to N.Y. hospital. Co's operated VIZ:

E-10 stretched line and stood fast

L-1 assisted EMS in administering to injured, checked fls. 42, 43, & 44 condition neg. and then up

L-10 checked fls. 41 & 42 and found electrical switch on 41st. fl. which had caused explosion, fire had extinguished itself and power was turned off, performed necessary VES and overhaul and up

OPERATIONS

Upon arrival at Box 84 found fire in construction shanties on the 3rd floor. Transmitted 10:06 and 10:41-1. Units operated VIZ:
 E10-Stretched line from standpipe and extinguished fire.
 L10-Found sprinklers and in operation. Shut down sprinklers and made necessary search, ventilation and overhauled as required.
 E7-assisted E10.
 E4-Stretched line to 4th floor. Stood fast.
 E6-assisted E4.
