

RECEIVED JUL 19 2000

**FIRE DEPARTMENT**
9 METROTECH CENTER BROOKLYN, N.Y. 11201-3857

TO: Admin. Unit 10 Batt. 10 Via: Division: _____

FROM: Daniel A. Nigro **EHS**

RE: **Hazardous Materials Information Filing**

DATE: _____

Under Title III of the Superfund Amendments and Reauthorization Act ("SARA") of 1970, the New York State General Municipal Law/Section 209-U, as well as local laws, facilities which store or handle certain hazardous substance within New York City must file relevant information concerning those substances with the Fire Department. The information filed with the Fire Department is made up of Material Safety Data Sheets (MSDS), which are a manufacturer's summary of a product's potential hazards; Facility Inventory Forms (FIF), which were developed to fulfill Federal and City filing requirements; and form 209-U, which covers New York State filing requirements, Section 209-U of the General Municipal law.

The Bureau of Operation's Toxic Substance Unit is the recipient of the foregoing information. It is that Unit's responsibility to gather all the hazardous materials information filed with the unit and ensure that each administrative unit, via the Division Command, receives the data which pertains to its district.

Enclosed is a copy of the hazardous substance filings, which pertain to your administrative district. Company Commanders should review this information and consider pre-incident planning items such as: entry into the CIDS program, target hazard program, facility drills, etc.

Particular attention should be paid to the box marked "EHS", i.e., Extremely Hazardous Substances.

Units having any questions regarding this procedure should contact the Toxic Substance Unit, Bureau of Operations, at (718) 999-0369, Fax: (718) 999-0034.

NEW YORK STATE DEPARTMENT OF STATE
OFFICE OF FIRE PREVENTION AND CONTROL

HAZARDOUS MATERIALS REPORT FORM
(General Municipal Law, § 209-u)

The information entered herein is essential to your local fire chief for the protection of your employees, the fire-fighters and citizens in the immediate area, and to reduce damage to your property in the event of a fire or an emergency.

Every fire insurance policyholder, engaged in commerce in this state, is required by law to report the presence of hazardous materials at their business address.

Failure to file in accordance with the provisions of section 209-u of the General Municipal Law could result in a fine.

A separate report is required annually for each business address.

WHEN COMPLETED, THIS FORM MUST BE SENT TO YOUR LOCAL FIRE DEPARTMENT.
