*'OEM revisions request'*

**DATE:** July 24, 1998

---

As per telephone conversation with Mike Pisano of Vikonics Inc. I have learned that OEM would like to add sensors in the fiber optic risers from the 7<sup>th</sup> floor to the 23<sup>rd</sup> Floor and from the 23<sup>rd</sup> Floor to the roof.

I have informed Mr. Pisano that we will not pick up this revision as part of "Bulletin # 1" and will be treated as a separate change after it is approved by DCAS
