Plus now a \$200,000 "tapping fee" for using electrical load above 6 watts per foot!

>>> Jeff Kondrat 06/15/98 05:17pm >>>
Silverstein wants \$302,410 for the fuel lines.

Kathy Giliberti will write you with this figure. Apparently this represents the initial installation cost (in 1995) plus a 3% per annum inflation factor. After you get the letter, if you need additional info or backup, call Chi Chu.
