Message

SHCA requested written sign-off by end of day 03-18-98 for the LAN/Head-End Room layout dated and issued via fax on 03-17-98. No written sign-off by OEM/DoITT/Motorola has been received at the time of this fax. DoITT & Motorola have provided verbal approval. SHCA has made a minor revision in order to accommodate a DoITT comment received 03-18-98.

The amount of coordination required to complete the design documents does not allow the project team to continue revising this layout in order to accommodate added scope/rack changes that have occurred over the course of the last several weeks.

SHCA is proceeding with this room layout in order to meet the scheduled 04-06-98 C.D. issuance. No changes to this layout will be accepted. Any future requested revisions to this layout will be considered an additional design service and will not be implemented until after the 04-06-98 issue date as an addendum or bulletin.

Should you have any questions or comments, please call.

If there are any problems with this transmission, please call (212) 219-6716
