205 Lafayette Street
New York, NY 10012

**RE: 7 World Trade Center
Mayor's Office of Emergency Management**

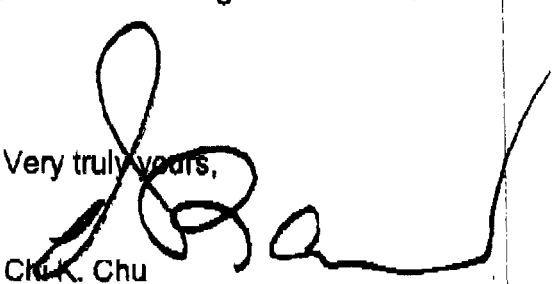

Dear Joe:

As a follow up to our meeting of January 15, 1998 at the Mayor's Office, I would like to bring the following items to your attention:

1. I need to be assured that sound and vibrations from the emergency generator will not cause problems to the adjacent tenant space.
2. As discussed, the louvers shall be centered and have a symmetric look from the street/plaza views. Additionally, I need to see the detail designs for the outside louvers for the 7th floor.

Thank you.

Very truly yours,

Chuck Chu
Vice President
Operations Department
