Subject: Registration of Construction Portion of Lease for Mayor's Office of Emergency Mgmt

The above-mentioned project is over \$10M and, therefore, requires OMB approval prior to registration with the Comptroller's Office.

In a conversation with Sharon Neill of OMB yesterday, she told me that Charlie Briskey told her that he sent you a Funding Authorization Letter. Sharon told me that a copy of the Funding Authorization Letter would be sufficient proof to the Comptroller's Office that OMB has given their approval for this project.

Please let me know if I may have a copy of this letter so that the registration of this project is not delayed. Josep Dominguez has told me that this is a priority.

Thank you.
