Fax: 212.732.5190
Phone: 212.619.6569
Pages: 1, including this cover sheet.
Date: October 27, 1999

Walter:

In follow-up of our survey earlier today, we understand a new conduit will be installed for The Mayor's Office, at 7 World Trade Center in the following manner.

- ◆ Exclusive use of One (1) 4-inch entry conduit from the Communications Manhole to your loading dock. The associated length is Fifty (50) feet.
- ◆ The addition of One (1) 2-1/2 inch conduit between the Bell Atlantic frame room (located directly above your loading dock) and the Communications Riser closet. The associated length is One-Hundred (100) feet.
- ◆ The addition of One (1) 2-1/2 inch conduit installed in the Communications Riser closet between the 2nd and 23rd Floors. The associated length is Two-Hundred Seventy-five (275) feet.

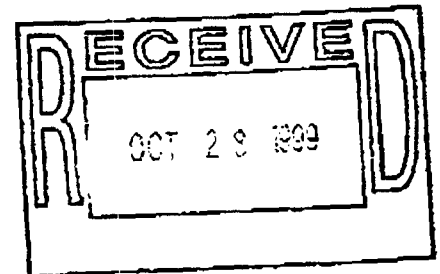

The suggested lease price, recurring monthly, should be \$3,412.50. Please bear in mind that the above has been priced very economically. Should you require further information, please do not hesitate to contact me. I may be reached at 212.330.6213.

Thank you.

Best Regards,

Ralph Lembo / Associate
