Dear Martin:

We have carefully studied the sketch and the new fuel oil piping route for the Office of Emergency Management. This work must be done on overtime.

The price for this premium time work is \$19,500.00.

We will keep a time record on this project. If it is less time, you will be credited.

If you have any questions regarding the above, please do not hesitate to contact me.

Very truly yours,

KABACK ENTERPRISES, INC.
