Dear Mr. Pymonto:

As per the Director of the Mayor's Office of Emergency Management, Jerome M. Hauer, I am requesting the following funding for the 7 World Trade Center project:

- Attached you will find an invoice from DSI RF Systems, Inc. OEM requests it be funded from the construction budget from the 7 WTC project. This invoice pertains to the metro traffic feed & dish installation.
- OEM would also like to reinstitute the installation of the DOT traffic feeds that were eliminated from last year's budget.

If you have any questions please feel free to contact me.

Sincerely,

John Hughes
Deputy Director
