CMB 25/98

Jack--I have reviewed the latest set of drawings dated 5/4/98 and there does not appear to be any change to our bid. Therefore, our bid for work is as follows:

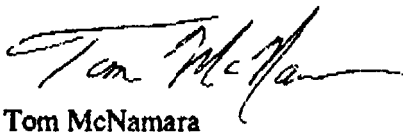

Slate pavers at lobby	28,000.00
Ceramic tile	23,800.00
Work per 11/D12	9,000.00
BID TOTAL	60,800.00

Scope of work includes slate tile pavers at elevator lobby, bathroom and pantry ceramic tile floors, full height wall tile at all walls in bathrooms, 5" high ceramic tile base at pantry and work in accordance with detail 11/D12 at roof. Slate pavers are figured as mud-set; all other floors figured as thin-set. Waterproofing included at all bathroom floors. Protection of installed work is to be by others.

Our add alternate for removal and re-setting lobby pavers in accordance with my discussion with Martin Schneider amounts to the lump sum of \$5,400.00 based on a count of approximately 20 pavers to be picked up and replaced. This sum does not include any costs for replacement paves which might be required due to breakage. If replacements should be required, they will be billed at material cost plus 25%.

Prices are based on work being covered by a Certificate of Capital Improvement. All work is estimated for normal union working hours, except deliveries, which are on off-hours. Protection of installed work is to be by others.

Let me know if you have any questions on this. Thanks.

Tom McNamara
