A Guide to Your Monthly Nextel Statement

Your Monthly Nextel Account Statement is organized into the following sections:

Your Monthly Account Statement	The first page of your bill summarizes your payments, new charges, and amount due. *Nextel News* will give you information about products, features, and promotions. Use the coupon at the bottom of the page to pay your bill. Use the reverse side of the coupon to pay by credit card or to change your billing address.
Your Nextel Account Summary	The account summary is a tool to help you quickly see monthly charges for each user. The summary shows the user's name (if available) and mobile telephone number. It also provides the user's access charges and breaks out usage charges by product or feature, such as Telecommunications Services, Nextel Direct Connect, Voice Mail, Text and Numeric Paging, and Nextel Online.
Detail of Access and Usage by User	Following the account summary, this section provides detail information for each user about monthly access and usage charges, as well as call detail.
Nextel Direct Connect	Refer to this section for information on Nextel Direct Connect private and group call charges, including billable group call duration and usage, by number of participants. This section also includes your Nextel Business Network membership fees, if any.
Additional Account Information	Depending on the activity in your account, this section includes summary information about payments, taxes, adjustments, and Nextel equipment.

Not sure how to set up your Voice Mail? Nextel.com has online user's guides that can help you get the most out of the features on your phone. Go to nextel.com and click on "Customer Support" to use our interactive virtual phones that explain features as you point to or click on them.

Beginning in January 2002, a new line item charge titled "Federal Programs Cost Recovery" will appear in the Tax, Fees, & Assessment section of your invoice. The charge reflects Nextel's cost of complying with the FCC's mandates for E911, Telephone Number Pooling & Wireless Number Portability. To cover the costs of these FCC mandated projects, a $.55 per unit fixed-rate charge will be assessed monthly effective January 1, 2002.
