RE: Pre-Cleaning at the High School of Economics and Finance
100 Trinity Place New York, New York

Dear Mrs. Soroka,

General cleaning was performed at the above referenced school from November 23 through November 25, 2001. Trio Asbestos Removal Corp. was the Contractor and Taylor Environmental Group, Inc. performed the air sampling at the completion of the general clean up.

Based upon the final visual inspection and air sample results, the areas cleaned have met re-occupancy criteria as defined in all applicable federal, state and local regulations.

If you have any questions, or require further information, please do not hesitate to call. I hope we have satisfactorily assisted you in your environmental health concerns.

Sincerely,

Chris McElgun
Project Manager
