PURPOSE OF MONITORING	AREA SAMPLING
1. To determine the extent of contamination	1. To determine the extent of contamination
2. To determine the source of contamination	2. To determine the source of contamination
3. To determine the level of contamination	3. To determine the level of contamination
4. To determine the type of contamination	4. To determine the type of contamination
5. To determine the duration of contamination	5. To determine the duration of contamination
6. To determine the frequency of contamination	6. To determine the frequency of contamination
7. To determine the impact of contamination	7. To determine the impact of contamination
8. To determine the risk of contamination	8. To determine the risk of contamination
9. To determine the need for remediation	9. To determine the need for remediation
10. To determine the effectiveness of remediation	10. To determine the effectiveness of remediation
